SMALL-POX AND VACCINATION.

The small-pox fright in California has given rise to considerable discussion of the virtues of vaccination. The practice of vaccination has been general in San Francisco since the appearance of the plague, and now nearly all the population are vaccinated. If there are any serious evils pertaining to vaccination we should be apt to hear of them now as the result of actual experience. So far, no one vaccinated on the coast has complained of any injurious effects.

Small-pox was once a terrible scourge to mankind. Its victims were numbered by hundreds of thousands in Europe and in Asia. Before Jenner's discovery of vaccination the small-pox was a terror to humanity. Since Jenner's time the prejudices against vaccination have been almost entirely overcome. It has been ascertained that the number of deaths from small-pox in Europe are now only one-tenth the number from that cause at the close of the last century. In England the proportion is much less. In 1800 the deaths from small-pox annually were 3,000 out of every million inhabitants. It is now only 200 to the million. This great diminution in mortality from the dread disease must be mainly attributed to the prevalence of vaccination. Improved sanitary conditions have of course had something to do with the change, but not sufficient to account for such an enormous reduction in the death rate.

It is true that vaccination is not a perfect protection from small-pox. But where vaccination had previously, at not too remote a period, been successfully accomplished, death or even severe illness from small-pox has rarely happened. In nearly all cases where a vaccinated person has suffered severely from small-pox, it has been found on investigation that the vaccination was at fault. Not every man with a knife and some virus can vaccinate. It requires a trained eye to distinguish a true vaccine vesicle from a simple sore. It is important to have vaccination performed by a doctor, who can tell whether the operation has been really successful or not.

The notion that many diseases may be communicated by vaccination is derived by the best medical authorities. In the words of Latham, "the specific infection of one disease cannot convey with it the other." Seaton says of cutaneous and glandular diseases: "Inasmuch as cutaneous and glandular diseases are frequently noticed in children after their vaccination, parents are often found to allege that these diseases have been introduced by the vaccination. But this, though a popular, has never been a professional belief."

Many persons think that revaccination is necessary every six or seven years. It is held, however, by eminent physicians that two successful vaccinations are enough, one in childhood, the other in maturity.

There is a difference of opinion in regard to the use of vaccine taken from the human system. Most physicians in this country use nothing but bovine virus, that is vaccine matter obtained direct from neat stock affected with cow-pox. It is, however, customary in England to use vaccine matter from the human subject. Some of the best English medical men advocate the use of virus that has passed through many human systems, on the ground that it is more sure and certain in its effects than bovine virus. How bovine virus is obtained is fully explained by the New York World as follows:

"Dr. Martin, of Boston, was the first American physician who, in view of the danger attending the use of vaccine virus taken from the human body, experimented successfully upon a return to Dr. Jenner's original method of using bovine virus. Dr. Foster, of New York, and in 1867 Dr. Robbins, of Brooklyn, followed Dr. Martin's example, and Dr. Robbins, with his associate, Dr. Lewis, is now engaged in the production on a large scale, of virus derived from 'Beaugency' stock, upon which they have 'ingrafted' the celebrated Vincennes stock, to procure which Dr. Robbins made a special visit to France. It is worthy of note, however, that the original stock is just as potent as ever, though its power varies according to the constitution of the

animal from which it was obtained. The *modus operandi* is to select the best calves—beifers being preferred—at an age varying from a few days to a year or even more, but the younger the better, the animals being the more easily handled. If the subject is a small one it is thrown upon its side upon a table, and its fore feet and head being secured, its hind legs are stretched apart and spots upon the belly six or eight inches wide are shaved, and if necessary the epidermis or skin is thinned down. After this vaccination as in the ordinary manner is proceeded with, the animal being retained in the one position for six or seven days, when the matter is ready for removal either into quills or tubes, and must be as clear as water or else rejected. Calves of the Jersey breed are preferred. Drs. Robbins and Lewis have sent the vaccine to France, to Egypt, to China, Japan, and to all parts of North and South America. The greatest care is taken to provide that the calf which is to be vaccinated shall be in the best possible health. It is said that after a day or two the calves do not appear at all inconvenienced by their confinement, but munch their food with zest and in fact get fat. During the summer the animals which are "under process" are kept in the country, it being found that they thrive better than in town."

THE NEW REPRESENTATION.

The tenth census of the U. S. taken this year, makes a new apportionment of Congressmen necessary. The new apportionment will be made by Congress this winter. The present House has 293 members, not exceeding one Representative to 131,425 of the population of any State. The new ratio will be one Representative for 170,000 inhabitants. The New York Times has compiled the following table, showing the changes that will be made in representation as a result of the new census:

MIDDLE STATES.	1870.	1880.
New York	33	30
New Jersey	7	6

Population is moving West, this way, and we are glad of it. The more it flows into Nevada the better. There is room enough here for several millions yet. But the probability is that it will take this State ten years to get people enough to fairly entitle it to one Congressman on the regular basis of representation. Being "battle-born," Nevada is allowed a Congressman, though only having a third the number of people represented by each Congressman from other States.

The gains of population in the South are remarkable. These gains looked like fraud when the census returns first came in. But investigation and a recount in certain districts established the accuracy of the suspected returns. The South has been rapidly filling up since 1870.

The latest fish story was told by Dr. Dall to the San Francisco Academy of Sciences. He said they have a salmon in Alaska which weighs 100 pounds. It is called the "king" salmon. Why not call this "the boss."

THE HUMBOLDT SCRIP.

The Journal advises the County Commissioners to sell the \$4,000 in Humboldt county scrip in the county treasury. The Commissioners say they do not think it best to sell the scrip. All contracts are paid out of the contingent fund, and the general fund will only be short after January 1st. The only ones who will suffer from the lack of money in the general fund will be the county officers. As the salary bill takes effect January 1st, their fees will be paid into the general fund, and so will keep it up. This was the argument used last spring when the tax was levied.

EDITORIAL NOTES.

Some great commercial changes are expected from the completion of the Southern Pacific and its junction with the Atchison, Topeka & Santa Fe. Freight can then be taken from San Francisco to the Gulf of Mexico in ten days, thence to Liverpool by steamer in twenty days. Much of the grain now going from California to Europe in ships will be likely to be moved over the new route.

Jerry Schooling's proposal to amend the election law so as to prevent any naturalized citizen from voting in this State who has not been six months a citizen of the United States is meeting with general approval from the press of the State. It is certainly a most excellent suggestion and we hope to see it embodied in legislation next winter.

A wise economy should govern State legislation this winter. It will be easy to reduce the State expenses \$50,000 per year. The people can worry along without a Lieutenant Governor with a salary of \$300 per month, and with fewer legislators. Several expensive offices now maintained separately and at considerable expense can be combined.

The greediest man has just died in Lead City, Dakota. He choked to death in trying to bolt a piece of meat. His name was Frank Seacott. It is needless to say that he was an American, one of the race of fast eaters.

A San Domingo dispatch says that the remains of Christopher Columbus have been found there. It is proposed to erect a monument over them, and the American Governments are asked to contribute. Certainly Columbus should have a monument.

The Atchison, Topeka & Santa Fe Railroad Company issues a circular to shippers of California freight, announcing that that road and the Southern Pacific will be completed and connected about January 1, 1881.

It is said that on her voyage to America, when the other passengers called for basins, Sara Bernhardt called for a thimble.

The diamond drill was to be started in the bottom of the Union shaft today. The Enterprise says a hole will be drilled to a depth of 200 feet.

Singular and Shocking Accident.

A shocking affair occurred near San Jose on the 16th. Two children of John Newell, a boy 12 years old and girl of 7, were left at home while their parents went to town. They found an old pair of gun barrels, which had been lying about the house for two or three years, and the boy placed them across a chair, and had put a cap on one of the nipples, when the hammer was struck down in some way and the gun discharged, the shot entering and tearing away most of the girl's face. Her death was instantaneous.

Progress of the Southern Pacific.

The new station of the Southern Pacific Railroad, Rio Mimbres, on the Rio Mimbres river, will be opened on Thursday, the 18th inst. The first through train passes on that day. The distance between the terminal stations of the Southern Pacific Railroad and the Atchison, Topeka & Santa Fe Railroad is 125 miles. Stages will run between the two points from next Thursday for \$20. The Southern Pacific construction train lays about three miles of track per day.

The American Committee of Bible Revision announces that only those editions of the new revision, including the marginal renderings, which are published or approved by the University presses of England, will be recognized as the authorized editions.

—Eureka Con. has declared a dividend of fifty cents.
—Captain Flanagan has bought the Mayberry brick house on West street, at present occupied by Mrs. Mosher.
—Pneumonia is just now more to be dreaded by our people than the small-pox. Vaccination is no protection against pneumonia. A suit of woolen underclothing and an ulster from the White House are the best preventive of the disease that decimated Bodie last winter.
—D. B. Boyd and J. S. Shoemaker have made application for letters of administration on the estate of John Johnson, of Red Rock, deceased.
—C. W. Jones has applied for the administration of the estate of Wm. Berkmeier, the man who kept the station at the foot of the Geiger grade, recently found dead in bed.
—Accidents on the C. P.
Mr. Peck, a locomotive engineer well known here, was seriously injured yesterday at Antelope station. He was running the engine of Gov. Stanford's special, ahead of the regular passenger train. In going by Antelope station, Peck was leaning out of the cab, watching a hot pin of the engine, and was caught by the mail bag which was hanging on the hook ready for the following train. Peck was dragged out of the cab and flung on the platform. The special was going thirty miles an hour at the time, and his injuries must have been very serious. Shortly afterwards, and because of this accident, a special engine was dispatched from Rocklin to Antelope. In starting out of Rocklin, the engine ran over a wiper (a man who cleans locomotives) and killed him. The wiper's name was A. M. Bybee.

Personal.

Harry Clawson has gone to San Francisco for medical treatment.
A. C. White is home again. He was sick with pneumonia in Eureka recently.
Col. Moore, the contractor of the Nevada and Oregon Railroad, did not arrive last night as was expected. He is daily looked for.

D. H. Jones, formerly Supt. of McKay & Fair's lumber business, has been appointed receiver of the Russian River Lumber Co., with headquarters at San Francisco.

Good Skating.

Last night was the coldest of the season. At sunrise this morning the mercury marked four degrees above zero. Water froze in many houses in town. The reservoir must to-day be covered by a solid sheet of ice, and the skating should be first rate. They are enjoying the finest skating at Carson and Truckee.

A COMPLAINT

From Some of the Gas Consumers.

We the undersigned gas consumers of Reno hereby agree to discontinue the use of gas unless we are furnished with a good No. 1 quality of gas for which we pay at the exorbitant high rate of \$6 per thousand, and have not had for the last six months at least but the most inferior quality that can be manufactured. We have made complaints at different times which have all been unheeded, and now wish in this public way to call attention to the fact for the last time, as we prefer a good lamp light to a poor gas light, the foregoing agreement to take effect Friday the 26th inst. unless our complaint be heard and good A No. 1 gas furnished us.

Death of R. E. Chatfield.

Richard E. Chatfield died suddenly this morning. He was sleeping with A. J. Rowland, and about four o'clock awakened the latter and complained of being very sick. Mr. Rowland went for a doctor and roused Dr. Bergman, who said he was unwell, but would call at six o'clock. At five o'clock Mr. Chatfield was dead. He is said to have habitually used morphine, and some persons conjecture that his death resulted from the effects of the drug. Mr. Chatfield was a native of England, the son of a London attorney. He began life on the stage, as an actor and in the character of manager. Coming to this country, he was for some years a non-commissioned officer in the U. S. navy. He engaged in merchandise business in Portland, Oregon, and afterwards in Virginia City. Mr. Chatfield had seen many ups-and-downs in the world and died without a dollar. He leaves no family of his own. Two sisters of his are living in England, and he had a brother somewhere.

The coroner's inquest this afternoon resulted in a verdict of death from natural causes.

A False Report.

It is said that Dr. Bishop of Reno is freely using, for vaccination purposes, vaccine matter taken from the arm of a child suffering from a bad case of catarrh. It is a question whether small-pox, in its ordinary form, is not preferable to being inoculated with catarrh. We call upon the Reno papers to investigate this charge, which has been made by several responsible citizens of Reno. — Carson Times, Nov. 17.

The above was shown Dr. Bishop last evening by a GAZETTE reporter. The doctor says the story is untrue. He has not vaccinated more than twelve persons altogether. The virus he used was obtained from two sources. One scab he took from the arm of as healthy a child as there is in Reno; the other he obtained from one of the most reputable firms in California. He has never deceived any one in regard to the nature of the virus he used. No one in Reno who knows Dr. Bishop will believe him guilty of any disgraceful conduct.

\$3,000,000 Sunk.

Says the Silver State: J. C. Fall has left Unionville for the present, and, we believe, is going to Arizona. He says that he spent \$3,000,000 of the product of the Arizona mine in Unionville. For two or three years past his mining operations did not pay, but he continued to work his mine and run his mills at a loss, and finally had to succumb to the inevitable. Had he found such bonanzas as were developed in the Arizona mine years ago, it would have been otherwise. Mr. Fall is a man of indomitable pluck and untiring energy and perseverance, and it is a matter of deep regret to the people of Unionville, as well as a severe blow to the prosperity of the place, that he was not successful.

A Fatal Accident.

John Hoffman, the driver of the Susanville stage, died yesterday afternoon at Lemmon. When the stage overturned yesterday morning it fell on him, and his death was the result of the injuries then received. The accident was caused by the fall of the old horse, dragging the other horse down with him and causing the coach to upset. The passengers were not injured. Hoffman leaves no family.

Cox's Station.

J. F. Bonham has taken Cox's station at the junction of the Pyramid lake and Winemucca valley roads. He will set a good table and make it agreeable for all who travel his way.

BY TELEGRAPH.

Captain Eads' Report.

SACRAMENTO, Nov. 16. Captain Eads has filed with the Governor his report on the drainage and mining debris problems. It is one of the most important documents of the day to this State. He reviews the whole subject, and declares the Sacramento valley in danger, and the Suisun and San Francisco bays menaced, but concludes that there is a remedy, and that by systematic treatment of the rivers it can be made of fact.

A Big Story Denied.

NEW YORK, Nov. 17. The report published here that a grand consolidation scheme had been arranged on a decision of Justice Miller, of the United States Supreme Court, whereby the Central Pacific, Union Pacific, Texas Pacific, Missouri Pacific, and Southern Pacific of California, were to be consolidated with the Wabash system, and General Grant placed at the head, has been emphatically denied.

Oakland's Pound Burned Down.

OAKLAND, Nov. 17. Last night, during the prevalence of a strong northerly gale, the City Pound, situated at the junction of San Pablo avenue and Peralto street, took fire and was totally destroyed. Eight tons of hay, three horses and forty dogs perished in the flames. Damage, about \$500.

A Queer Story From Wadsworth.

"Subscriber" sends from Wadsworth communication which is not published because it is not accompanied with the writer's name. An anonymous letter is always suspicious, and the GAZETTE will not publish damaging charges against any body without being well assured of their truth. The statements made by "Subscriber" seem somewhat incredible. It is not probable that Sarstein would steal anything so heavy as wood, at least railroad wood, as is alleged against him. The letter asserts that Frank Bower, J. F. Paige and H. A. Lemmon, each at different times caught him in the act, and made him return it to the C. P. pile. But the final charge against Sarstein is more grave. "Subscriber" states that Len Harris, the C. P. detective, lately had him arrested for theft of railroad ties, and that Sarstein pleaded guilty in the Justice's Court of stealing seventy ties. It is further stated that Sarstein was fined \$50 and costs (\$17) on his plea of guilty.

An Old Gun.

D. McFarland shows in the Arcade saloon a curious old firearm that was recently found leaning against a tree on the old emigrant trail between Virginia and Washoe. The piece must have been there for many years. The bark of the tree had grown over its muzzle, and the stock of black walnut is much decayed. The barrel is encrusted with rust, and the hammer immovable. The lock is very singular in appearance. It is a percussion lock, of peculiar pattern. It is conjectured that the musket was left by one of the pioneers in the place where it was found.

Attention, Knights.

The Famous Opera Singers.
Annie Louise Carey and Clara Louise Kellogg are beyond question the most famous opera singers of modern times. In fact they have been universally acknowledged to be the leaders of their profession, as well as ladies of large experience and particularly good taste. They have probably traveled more extensively than any ladies on the stage, and, as a consequence, have had excellent opportunities of judging of the merits of different countries and their productions. It is certainly a very great credit to California and the balmly semitropical climate of the Pacific, to have had them pronounce Slaven's Yosemite Colosseum by far the best they have ever seen in any country. For sale by Osburn & Shoemaker.

UNDER AND BY VIRTUE OF A DECREE of foreclosure and order of sale issued out of the Second Judicial District Court of Nevada, in and for Washoe county, on the 25th day of October, A. D. 1880, on a judgment rendered in said court on the 9th day of October, 1880, wherein Ida Pratt was plaintiff and J. W. Scott, Adam Kleser and the Reno Savings Bank were defendants, and wherein said plaintiff obtained judgment and decree of foreclosure against said defendants for the sum of three thousand four hundred and sixty-eight dollars and no cents, and said decree was duly entered of record in the office of the United States, together with attorney's fees in the sum of \$300, costs now amounting to \$60, and interest and accruing costs, I am commanded to sell that certain leasehold estate described in said decree as follows, to wit: "The leasehold estate for the term of ten years, commencing on the 1st day of May, A. D. 1874, and expiring on the 1st day of May, A. D. 1884, on said lot No. 24 and the east ten feet of lot No. 25, in block 7, town of Reno, Washoe county, Nevada, and the interest of the said Reno Savings Bank in the said building thereon erected and built, and the said personal property in said building, together with all singular the tenements, hereditaments and appurtenances thereunto belonging or in any wise appertaining. Public notice is hereby given that on Saturday, the 20th day of November, A. D. 1880, between the hours of 9 o'clock A. M. and 5 P. M., to wit: at 12 o'clock M. of said day, in front of the Court House door in Reno, Washoe county, Nevada, I will sell the above described property or so much thereof as may be necessary to satisfy said judgment, interest and costs, to the highest and best bidder for gold coin of the United States.
W. A. WALKER, Sheriff of Washoe County.
Reno, October 25, 1880.

Sheriff's Sale.
BY VIRTUE OF AN EXECUTION issued out of the District Court of the Second Judicial District, State of Nevada, in and for the county of Washoe, duly attested on the 25th day of October, A. D. 1880, on a judgment rendered in said court on the 9th day of October, A. D. 1880, in favor of A. M. Manning, plaintiff, and against Louis Luck, defendant, for the sum of eight hundred and forty-one dollars and no cents, and costs of the United States, besides costs taxed at \$50 and interest and accruing costs, I have on the 27th day of October, A. D. 1880, levied upon the following described real property situate in the town of Reno, Washoe county, Nevada, to wit: That certain piece of parcel of land lying and being situate in the town of Reno, Washoe county, Nevada, and known and described on the official map of said town as lots 5 and 6 in block 3, Lake's addition to the town of Reno, lying between the street on the south line of said street, with a depth of 100 feet to the street, and I hereby give public notice that on Saturday, the 20th day of November, A. D. 1880, between the hours of 9 o'clock A. M. and 5 o'clock P. M. of said day, to wit: at 12 o'clock P. M. of said day, in front of the Court House door in Reno, Washoe county, Nevada, I will sell the above described property, or so much thereof as may be necessary to satisfy the above named execution, for cash to the highest and best bidder.
W. A. WALKER, Sheriff of Washoe County.
Dated October 27, 1880.

Summons.
IN THE DISTRICT COURT OF THE Second Judicial District of Nevada, in and for the County of Washoe. The State of Nevada versus Mary Jane Hall, Greening. You are hereby required to appear in an action commenced against you as defendant by S. C. Hall, as plaintiff, in the district court of the Second Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a judgment and decree of divorce, and to divide the community property between the plaintiff and defendant and in favor of the plaintiff. The complaint alleges that the plaintiff and defendant were married at Hooksett, in the State of New Hampshire, A. D. 1864, and lived and cohabited together until on or about the 28th day of August, A. D. 1872, at Reno, Nevada, defendants left plaintiffs bed and board and has ever since said time abandoned and refused to live with plaintiff, and has gone to the State of Massachusetts, deserting and refusing to cohabit with plaintiff, all of which will more fully appear from the complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.
(SEAL) In testimony whereof, I, MARK P. HARRIS, have hereunto set my hand and affixed the seal of said court, this 12th day of November, A. D. 1880.
Clerk of the district court of the Second Judicial District of Nevada, in and for Washoe county.

Thanksgiving Proclamation.
State of Nevada—By the Governor.
IN ACCORDANCE WITH THE PROCLAMATION of the President of the United States, and conforming to a usage honored in many years of observance; recognizing the dependence of this State and its people upon a Supreme Architect and Ruler for existence and happiness; devoutly grateful for the measure of prosperity enjoyed during the present year.
I, JOHN H. KINKADE, Governor of the State of Nevada, do hereby designate
Thursday, the 25th Day of November, A. D. 1880,
As a day of Thanksgiving and Praise. On that day I recommend to the people of this State, that, foregoing for a time their business pursuits, they assemble in places of worship and elsewhere, and render to the Almighty the homage of a grateful people.
(SEAL) In testimony whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed. Done at Carson City, Nevada, this 10th day of November, A. D. 1880.
JOHN H. KINKADE, Governor of Nevada.
By the Governor, JAMES HANCOCK, Secretary of State.

THE WONDER OF THE WORLD
—GOOD NEWS FOR ALL.
PROF. HERMAN'S
WORLD-RENOVED
VERMIN DESTROYER
WHICH IS KNOWN TO BE FAR superior to anything yet discovered for Killing Rats, Mice, Insects on Poultry, Ants, Bugs, Cockroaches, Black Beetles, Fleas on Dogs, Blight and Insects on Plants, Moths in Furs, Ticks or Scab on Sheep or Goats, also on Cattle, etc., etc.
This preparation has been applied with great success against the insects that attack the Coffee Plants, and would doubtless be as efficacious with the Tea Plants.
SOLD IN PACKETS
At 25 cents per packet, or six packets for \$1.25.
The Powder is warranted free from all bad smells, and will keep in any climate. It may be spread everywhere without risk, as it is quite harmless to cats or dogs, as they will not eat it.
DIRECTIONS ON EACH PACKET.
Manufactory—Gravel Lane, Hounsditch, City of London, England.
The above discovery has gained for PROF. HERMAN a Silver Prize Medal at the Inter-Colonial Exhibition of Victoria, Australia, of 1880, besides numerous Testimonials. OSBURN & SHOEMAKER, Sole Agents, Reno, Nev. 87-17

MISCELLANEOUS.
DR. SPINNEY
NO. 11 KEARNEY STREET,
San Francisco, Cal.
Treat all Chronic and Special Diseases
YOUNG MEN
WHO MAY BE SUFFERING FROM the effects of youthful follies or indis-cipline, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.
MIDDLE-AGED MEN.
There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital-urinary organs.
Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice \$3.
P. S. For private diseases of short standing a full course of medicines sufficient for cure, with necessary instructions, will be sent to any address on receipt of Ten Dollars. Call or address
